

Remote control keypad designed to control Midra™ Series seamless switchers

Manage your Midra™ seamless switcher with ease

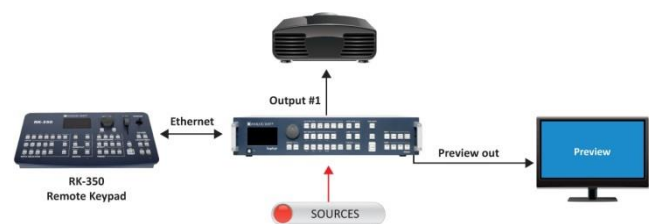

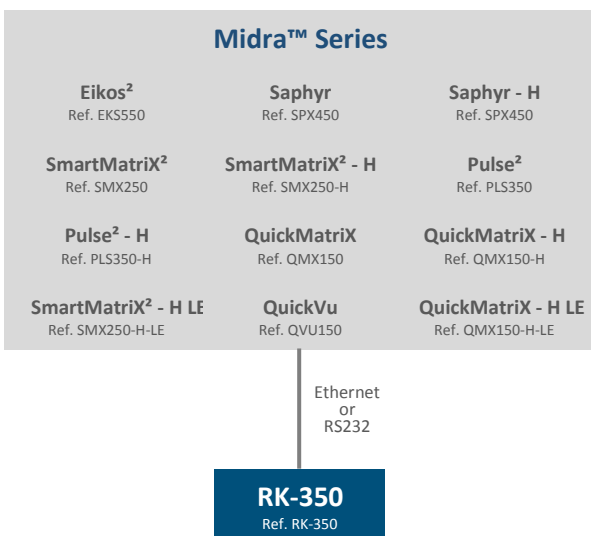

The RK-350 is an ergonomic and compact solution designed to operate your Midra™ series remotely with ease and comfort. Thanks to a comprehensive set of physical key buttons and menus, the RK-350 gives instant access to all your switcher's functions. It also embeds a joystick for layer positioning/sizing and a T-Bar for manual smooth transitions.
